## Result

Cleartext using the keyword "cryptography":

The artist is the creator of beautiful things. To reveal art and conceal the artist is art's aim. The critic is he who can translate into another manner or a new material his impression of beautiful things. The highest, as the lowest, form of criticism is a mode of autobiography. Those who find ugly meanings in beautiful things are corrupt without being charming. This is a fault. Those who find beautiful meanings in beautiful things are the cultivated. For these there is hope. They are the elect to whom beautiful things

### ▼ Key length statistics

This table shows for each key length the calculated key and the score (fitness) of the resulting clear text.

The score provides a very rough measure how close the resulting clear text comes to the selected language:

| Key length | Score  | Key                 |
|------------|--------|---------------------|
